— PROBLEM

You've been burned before. We know.

- ✕ **"Premium traffic"** — beautiful CTR. Zero conversions. Half the clicks were bots.
- ✕ **"Competitive rates"** — no benchmarks. Ask your manager — they reply 48h later with a template.
- ✕ **"Stable platform"** — budget wasted without notice. You found out on a Friday night.

have experienced bot traffic or invalid clicks. **You're not alone.**
